

CSHP Seminar Poster Abstract Reviewer Application Form

Attention CSHP pharmacist and technician members. CSHP invites you to participate in Seminar by becoming a poster abstract reviewer. The purpose of reviewing abstracts is to determine which posters will be awarded top honors in each category. The winner of each category will be recognized at Seminar 2009.

Reviewers are typically given 2 to 3 abstracts to review, though some will get more or less depending on the reviewer-submission ratio in any given category. **You must be available to review during the first three weeks of August.**

Reviewer Categories: Please select the abstract categories that you would like to review. Please note that we cannot subdivide categories. For example: If you check “Chronic / Managed Care” then you must be willing to review abstracts on both of those topics.
